Guaranteed reliability and maximum efficiency! The Midland G7 incorporates all the functions you expect from a latest generation laptop.

PRO dual band walkie, easy to use and comes with headset with built-in microphone to communicate while keeping your hands free.

- Emergency Button (EMG): All Midland G8 / G9 extensions in the area will receive the call, regardless of their channel.
- Vox Talkback function: the correspondent hears your answer even if it remains in transmission mode.
- Water resistant: IPX5 certified against rain and splashing water.
- Double PTT: allows to choose the transmission in high or low power.
- Emergency call function.
- Manual detection of radio coverage.
- Volx with "Talkback TM".
- LPD + PMR (with 8 new PMR channels), PMR446 band from 446.0Mhz to 446.2Mhz
- 38 CTCSS and 104 DCS tones.
- Function "Out of range", you are immediately alerted if you leave the coverage area.
- Key lock, scan, monitor. Vibrator.
- Accessory socket: 2 pins.
- 1800 mAh NiMH battery or 4 AAA LR batteries.

THE MOST FAMOUS "DUAL-BAND" IS UPDATED AND BECOMES PRO

- 30% larger screen
- Improved audio (30% louder)
- LPD + PMR (with the 8 new PMR channels), PMR446 band from 446.0Mhz to 446.2Mhz

- Large dual function PTT key (low/high power)
- Antenna optimized for superior performance
- 0.5 W (5W export version)
- Easy to modify from the battery door (like the G7 PRO)
- Vibrate function for notifications even in noisy environments
- 3 types of power supply: traditional battery pack (PB ATL/G7), 4 AA batteries (included), lithium battery pack (PB PRO)
- Vox Talkback function: Allows more natural communication; the correspondent hears your response even if he remains in transmit mode.
- Battery level indicator and energy saving.

Instructions downloadable by clicking HERE!

For use abroad, switch your Midland G9 to Export mode (Midland G9: Increased range / increased range - YouTube) to add approximately 20% range. Please note, this modification is not legal for use on French territory.

MIDLAND Frequency Form
