### Exceptional finishes

Set of 3 MILSTD 1913 21 mm Picatinny / Weaver rails with 5 slots, to be mounted on M-LOK mounting system

The rails have a double chamfer, bringing two advantages. First of all, the chamfers provide better ergonomics and significant comfort when handling the weapon on the bare rails: No cutting effect. Then, the chamfers providing fluidity and ease during the assembly of accessories, lamp, laser or optical, turn out to be fluid and fast.
