## Officially licensed Daniel Defense GBBR replica, a blend of realism and performance by Double Eagle.

GBBR **MK18 RIS II** replica produced by **Double Eagle** under official **Daniel Defense** license, for an ultra-realistic look and impactful shooting sensations.

- **Length:** 690 mm
- **Weight:** 2.6 kg
- **Body:** Full metal with Daniel Defense markings
- **Handguard:** Anodized bronze, RIS II type
- **Grip and stock:** Daniel Defense with EMG markings
- **Firing modes:** Safe / Semi / Auto
- **Operation:** Gas (GBBR)
- **Magazine:** MWS type, 35 rounds, polymer
- **Thread:** 14 mm CCW with metal flash hider
- **Compatibility:** Tokyo Marui MWS chargers and internals

Designed in collaboration with EMG, the **Double Eagle Daniel Defense MK18 RIS II** GBBR replica combines realism, reliability, and high-end finishes. Officially licensed, it features the iconic markings and design of the real American weapon, offering an impressively realistic gaming experience.

With its **gas-powered operation** and **Tokyo Marui MWS-type internals** , this GBBR replica offers a crisp, responsive blowback, providing a feel close to real-life shooting. Compact, maneuverable, and well-balanced, it's equally suited to **CQB** environments and more immersive milsim games.

**Design and realism**

The **MK18 RIS II** Double Eagle is constructed **entirely of metal** with **official Daniel Defense engravings** . Its **anodized bronze** handguard features top, side, and bottom **RIS** rails, allowing for customization with tactical accessories (grips, lights, optics). The **non-slip pistol grip** and the EMG-branded **Daniel Defense stock** ensure a secure hold and optimal shooting comfort.

**High-performance internals and compatibility**

Based on **Tokyo Marui's MWS-type** mechanics, this replica ensures compatibility with **MWS magazines and parts** . Its **reinforced trigger box** and **high-performance nozzle** guarantee a smooth cycle, excellent air seal, and exemplary firing consistency. The **14mm CCW** thread accommodates a metal flash hider and allows for the mounting of a suppressor or tracer.

**Versatility and maintenance**

Ideal for players seeking a realistic and durable GBBR replica, the MK18 RIS II impresses with its two-tone black/bronze look and high-quality finish. Maintenance is simple: regular cleaning of the **barrel** and **hop-up** , along with **silicone lubrication,** ensures longevity and performance. Its powerful blowback and reliability make it an excellent choice for intensive use.

**FAQ - GBBR Daniel Defense MK18 RIS II Double Eagle Replica**

**How powerful is this replica and is it legal?**
This replica has a power output of less than two joules and will allow play on the majority of fields in Europe.

**What type of gas should be used for proper operation?**
This replica uses **GBBR gas** such as Nuprol 4.0. Using a less powerful gas suitable for the temperature in summer, such as Nuprol 2.0 or 3.0, will help maintain stable velocity and preserve the seals.

**What maintenance is recommended for this model?**
Maintain the replica regularly: clean the barrel, lightly lubricate moving parts, and check the seals. Use only silicone-based products to prevent premature wear.

Remember not to leave the replica in the sun during periods of high heat.

**Are the chargers compatible with other models?**
Yes, the replica is compatible with **Tokyo Marui MWS magazines** as well as with the majority of MWS standard GBBR magazines available on the market.

**Can accessories be mounted on this replica?**
Yes, thanks to its **RIS** handguard and **14 mm CCW thread** , you can attach a wide range of accessories: optics, grips, lights or silencers depending on your needs.
