A versatile, multi-pump rifle that is accurate and affordable for recreational shooting.

The **DAISY Powerline 880** is a multi-pump **air rifle** designed for **recreational shooting** , offering precision and versatility thanks to its rifled barrel and 4x15 scope.

- **Caliber:** .177 (4.5 mm) BBs and pellets
- **Action:** Multi-pump pneumatic pump
- **Barrel:** 49 cm rifled steel
- **Optics:** 4x15 scope included
- **Maximum range:** 291 yards (?266 m)
- **Stock:** Synthetic with a checkered wood effect
- **Safety:** Trigger lock
- **Total length:** 955 mm
- **Weight:** 2.25 kg

A rifle designed for versatile recreational shooting

With the **DAISY Powerline 880** , you enter the world of **recreational shooting** with a model that is both easy to use and surprisingly powerful. Its **multi-pump** system allows you to adjust the power according to the number of pumps applied - a real plus for adapting your sessions, whether in the garden or on an improvised shooting range.

Rifled steel barrel: precision guaranteed

The **rifled steel barrel** plays a key role in projectile stability. In practice, this results in greater shot consistency, especially with diabolo pellets. This makes it an excellent starting point for learning precision shooting at medium range.

4x15 scope included for fine-tuning the aiming

Supplied with a **4x15 scope** , this rifle allows for rapid target acquisition. Ideal for beginners and casual users alike, it significantly improves aiming comfort without requiring additional accessories.

Ergonomics and ease of use

Its **synthetic stock** with a wood-effect finish offers a good grip, enhanced by discreet checkering. The overall design remains lightweight and well-balanced - a valuable feature during long shooting sessions.

Secondary characteristics

- **Rail:** Standard for optical mounting
- **Sights:** Fixed front sight and adjustable rear sight
- **Stock length:** 343 mm
- **Recommended age:** 16 years and older (framed)

FAQ

Can you fire BBs and pellets with this model?

Yes, the DAISY Powerline 880 accepts both steel BBs and diabolo pellets in 4.5 mm caliber, making it very versatile.

How does the multi-pump system work?

The multi-pump system allows you to adjust the power by applying several pumps before firing. The more pumps you apply, the higher the projectile speed.

Is this rifle suitable for beginners?

Yes, it is particularly suitable for beginners thanks to its ease of use, integrated safety features and good accuracy.
