Ready-to-play pack ideal for professionals and paintball rental companies.

The complete paintball package based on the LEGION RIOT 2 .68 caliber marker meets the specific needs of professionals and rental centers. Reliable, easy to maintain, and ergonomic, the Swap Gen 2 is paired with a 0.8-liter (3000 psi) aluminum compressed air tank equipped with an Oxygen II regulator compliant with PI standards for optimal safety. The Proto Primo anti-jam loader ensures smooth feeding without batteries or electronics. The DYE Switch Field Thermal mask perfectly complements this set, ensuring comfort, safety, and clear vision, even during intensive use. Perfectly suited for professionals seeking performance, robustness, and ease of use.

- Lightweight and compact marker.
- Canon with Spyder screw thread.
- Aluminum body and front handle.
- Rubber grip.
- Double relaxation.
- Quick maintenance thanks to its pin-operated cylinder head system.
- External velocity adjustment.
- 0.8L bottle + 3000 PSI regulator included
- Black mask included
- Loader with 200 BBs included

Introducing the LEGION RIOT 2 .68 Cal Paintball Pack

This **ready-to-use kit** has been carefully designed to simplify the daily lives of paintball professionals, clubs, and recreational field managers. Centered around the robust LEGION RIOT 2 Cal .68 marker, this complete kit includes all the necessary equipment for a safe and high-quality playing experience right from the first shot.

Complete pack contents

- **LEGION RIOT 2 Cal .68 marker** : specifically designed for heavy-duty use, easy to maintain, durable and ergonomic.
- **0.8L aluminum compressed air bottle** : lightweight, durable and capable of delivering 3000 psi, compatible with all types of markers.
- **Oxygen II regulator (3000 psi PI standard)** : ensures optimal safety and precise pressure regulation.
- **Loader Proto Primo** : battery-free mechanical anti-jamming system, ideal for simplifying the management of rental equipment.
- **DYE Switch Field Thermal Mask** : panoramic vision, effective anti-fog thermal lens in all weather conditions.

Reliability and ease of maintenance

The LEGION RIOT 2 marker, paired with the Proto Primo loader, offers maximum reliability with minimal maintenance. Designed for professional use and intensive rentals, it significantly reduces maintenance time while ensuring smooth operation, even after many hours of gameplay.

Safety and comfort for all players

The **Switch Field Thermal DYE goggle** included in this pack is renowned for its long-lasting comfort, durability, and enhanced safety. Its double-layer thermal lens completely eliminates fogging, ensuring optimal vision in all conditions.

Detailed technical specifications

- **Marker** : LEGION RIOT 2 Cal .68 semi-automatic, easy maintenance, high durability.
- **Compressed air bottle** : capacity 0.8L (48 ci), pressure 3000 psi, aluminum.
- **Regulator** : Oxygen II, regulated pressure 3000 psi, PI standard certified.
- **Loader Proto Primo** : 200-round capacity, mechanical, anti-jam, battery-free.
- **Switch Field Thermal Mask** : double thermal lens, panoramic vision, maximum comfort, impact resistant.

Practical application: optimized paintball rental

This pack is ideally designed to simplify the management of your marker fleet while offering exceptional gameplay to your customers. Opt for a complete, high-performance, and durable solution, ready for immediate deployment on your field, ensuring the satisfaction of all players.
