### Ready-to-play pack ideal for professionals and paintball rental companies.

The complete paintball package based on the Swap Gen 2 Cal .68 marker meets the specific needs of professionals and rental centers. Reliable, easy to maintain and ergonomic, the Swap Gen 2 is combined here with a 0.8 liter aluminum compressed air cylinder (3000 psi) equipped with an Oxygen II regulator compliant with PI standard for optimal safety. The anti-jam Proto Primo loader guarantees a smooth feed without batteries or electronics. The DYE Switch Field Thermal mask ideally completes this set, ensuring comfort, safety and clear vision, even under intensive use. Perfectly suited to professionals looking for performance, robustness and ease of management.

- Lightweight and compact marker.
- Spyder screw barrel.
- Aluminum body and front handle.

### Introducing the Gen 2 Cal .68 Paintball Swap Pack

This **ready-to-use package** has been carefully designed to simplify the daily lives of paintball professionals, clubs, and recreational field managers. Centered around the robust Swap Gen 2 Cal .68 marker, this complete package includes all the necessary equipment for a safe and quality playing experience from the first shot.

### Complete composition of the pack

- **Swap Gen 2 Cal .68 Marker** : Designed specifically for heavy-duty use, easy to maintain, durable and ergonomic.
- **0.8L aluminum compressed air bottle** : lightweight, durable and capable of delivering 3000 psi, compatible with all types of markers.
- **Oxygen II regulator (3000 psi PI standard)** : guarantees optimal safety and precise pressure regulation.
- **Loader Proto Primo** : battery-free mechanical anti-jamming system, ideal for simplifying the management of rental equipment.
- **DYE Switch Field Thermal Mask** : panoramic vision, anti-fog thermal screen effective in all weather conditions.

### **Reliability and ease of maintenance**

The Swap Gen 2 marker, combined with the Proto Primo loader, offers maximum reliability with minimal maintenance. Designed for professionals and intensive rentals, it significantly reduces maintenance time while ensuring smooth operation, even after many hours of play.

### **Safety and comfort for all players**

The **Switch Field Thermal DYE goggle** included in this pack is renowned for its long-lasting comfort, durability, and increased safety. Its dual-layer thermal shield completely eliminates fogging, ensuring optimal vision in all conditions.

### **Detailed technical specifications**

- **Marker** : Swap Gen 2 Cal .68 semi-automatic, easy maintenance, high durability.
- **Compressed air bottle** : capacity 0.8L (48 ci), pressure 3000 psi, aluminum.
- **Regulator** : Oxygen II, regulated pressure 3000 psi, PI standard certified.
- **Proto Primo Loader** : 200 ball capacity, mechanical, anti-jam, battery-free.
- **Switch Field Thermal Mask** : dual thermal screen, panoramic vision, maximum comfort, impact resistant.

### **Practical use: optimized paintball rental**

This package is ideally designed to simplify the management of your marker fleet while offering exceptional game quality to your customers. Choose a complete, high-performance, and durable solution, ready for immediate deployment on your field, ensuring the satisfaction of all players.
