The Power Feeder 12-20 meters is for small but also big game.

Designed for adjustable quantities and any type of grain, it will spread over a wide radius of 12 to 20m.
It fits a container (not supplied) of 120l maximum capacity. The Power Feeder is powered by a 12v rechargeable battery (not supplied). It is installed on many containers with adjustable brackets.

- Projection: 12 to 20 meters
- Distribution time: 3 sec. (minimum) to 30 sec. (maximum)
- Number of distribution: 6 on a 24 hour cycle
- Maximum container volume: 120 L (not supplied).

Operating energy: 12 volts (batteries or batteries not included).

The Power Feeder retains the game on the territory and avoids damage to surrounding crops. Clinging to a tree branch, it is not likely to be trampled or overturned by an animal.
Programmable at specific times for different game this agrainoir is equipped with a digital clock coupled to the electric motor for 6 maximum flows in a 24-hour cycle.
