- Cylinder head: Fixed

Airgun replica of the famous Italian Beretta M84. The Borner M84 model turned out to be stylish and comfortable. The body of the M84 is all-metal, as are the barrel and internal mechanisms. The butt cheeks of the Borner M84 are made of soft rubber, which allows a more comfortable grip of the pistol. The Borner M 84 pistol is fired with 4.5 mm spherical bullets. The store is used universal online. The power source of the gun is a 12 gram CO2 cartridge. For aiming the pneumatic Beretta M84 Borner, an open sight from the rear sight and the front sight is used.
