Compact and easy-to-use full metal Hi-Capa replica.

The **GALAXY G10** is a spring replica in **Hi-Capa 4.3** format, made of metal with ABS grip, ideal for beginners or as a discreet and effective backup.

- **Caliber:** 6 mm BB
- **System:** Spring (manual)
- **Capacity:** 12 marbles
- **Power:** ~0.4 joules (~200 FPS)
- **Materials:** Full metal (body), ABS handle
- **Weight:** 440 g
- **Length:** 171 mm

A compact and functional Hi-Capa replica

Inspired by the **Hi-Capa 4.3** format, the **Galaxy G10** is a simple, efficient spring-loaded phone suitable for all users. Its metal slider, angular design, and **ergonomic grip** make it a versatile and practical choice.

Full metal construction with textured ABS handle

The **slide and chassis** are made entirely of metal for added realism and durability. The textured **ABS** handle ensures a firm grip, even during dynamic play or for younger players.

Simplicity of the spring system

No gas or battery required: simply cock the slide before each shot. With its **~0.4 joules** and approximately **200 FPS** , the G10 is ideal for **recreational shooting** or **short CQB sessions** .

Compact size and good capacity

Despite its compact size (**171 mm**), it features a **12-round magazine** , providing adequate capacity for gaming or occasional target shooting. The **fixed hop-up** ensures a stable trajectory with **0.20g** BBs.

Secondary specifications

- **Hop-up:** Fixed
- **Blowback:** No
- **Firing mode:** Single shot / Safe

- **Recommended marbles:** 0.20 g
- **Finish:** Matte black

FAQ

Is the Galaxy G10 suitable for beginners?

Yes, it was designed to offer simplicity, robustness and maneuverability, perfect for first airsoft games.

Is this a genuine Hi-Capa replica?

It is not a licensed replica, but it faithfully reproduces the style of the Hi-Capa 4.3 in an economical spring format.

Can a silencer or accessory be installed on it?

No, this replica does not have threads or a rail. It is designed for simple and direct use.
