Full metal spring replica inspired by the Colt 1911, in black version.

GALAXY spring replica of the **1911 type** , with full metal construction, understated look and ideal performance for initiation or recreational shooting.

- **Caliber:** 6 mm BB
- **System:** Spring (manual)
- **Capacity:** 17 marbles
- **Power:** 0.3 joules
- **Speed:** 179 FPS (0.20 g)
- **Materials:** Full metal
- **Weight:** 670 g
- **Length:** 220 mm

An affordable, simple and sturdy 1911 replica

The **black Galaxy G20** draws inspiration from the famous Colt 1911 while adopting a modernized aesthetic. Its full metal construction and spring-powered operation make it a **reliable and easy-to-use airsoft pistol** , perfectly suited for recreational shooting or as a secondary replica.

Full metal : robust and balanced weight

Weighing **670g** , the G20 offers good balance and a **comfortable grip** . Its all-metal construction ensures good durability, even with regular use.

High-capacity 17-round magazine

This model stands out with its **17-round** capacity, which is above average for a spring-powered replica. Ideal for rapid-fire action without constant reloading.

Fixed hop-up for a stable trajectory

The **integrated hop-up** allows for straight and predictable shots at short range. Combined with **0.20g** BBs, it enables consistent target acquisition.

Secondary specifications

- **Blowback:** No
- **Firing mode:** Single shot
- **Security:** No

- **Hop-up:** Fixed
- **Canon:** 100 mm / 6.08 mm

FAQ

Is this replica suitable for target shooting?

Yes, its good grip, fixed hop-up and 17-round capacity make it a good choice for indoor recreational shooting.

Is the Galaxy G20 made of metal?

Yes, it is a full metal replica, with a fully metal slide and body.

What weight of marbles should I use?

0.20g BBs are recommended for a compromise between range and accuracy with this spring model.
