### **Concorde Defender 7.5 joule rubber or steel bullet defense pistol!**

The Concorde Defender pistol is a high-power self-defense weapon (7.5 joules) with an imposing appearance.

Its semi-automatic operation and its impactable CO2 tank for immediate use make it a defense weapon that is always ready and has a large capacity thanks to its 7-round magazine!

Gun delivered in a black ABS case with pre-cut foam and 14 rubber balls.

- Power is provided by a 12g CO2 cartridge located in the handle (delivered without sparclettes).
- The new cartridge can be hit suddenly at the bottom of the stock in an emergency.
- The removable magazine changes in an instant.
- Rubber projectiles for defense (do not use Steel projectiles)
- Control window to view remaining projectiles.
- Ambidextrous thumb safety.

Technical informations :

- CO2 cartridge installs upside down in the pistol grip
- The percussion mechanism is entirely metallic and particularly resistant.
- It is possible to fire several magazines (sold as an option) with a 12g CO<sub>2</sub> cartridge.
- The Concorde Defender pistol is not compatible with plastic-skirted steel pellets.
- Delivered without CO2 sparclettes, to be purchased as an option.

Sold in a unit pack - Over-packaging: box of 6 packs.
