PG1007	ASG CO2 STI Combat Master Airsoft Pistol	Vente libre	6 mm airsoft	24	11	22.5	1020	CO2	234.00 € incl. tax

A high-end CO2 airsoft replica for dynamic shooting, combining realism, power and competition-grade finish.

This ASG CO2 airsoft replica of the famous STI Combat Master is a full-metal pistol offered under official STI/Staccato license. Designed for dynamic shooting, it features the modern lines and authentic markings of the real model.

Its all-metal construction, combined with a blowback action, guarantees realistic shooting sensations and excellent durability. The textured DVC grip ensures a firm hold, while the flared magwell facilitates rapid reloading.

Supplied with a CO2 magazine, the Combat Master offers sufficient power for outdoor use. Its adjustable hop-up allows for fine-tuning accuracy depending on the type of BBs used. The lower Picatinny rail allows for the mounting of accessories such as a flashlight or laser sight.

Aimed at experienced players and fans of realistic replicas, this ASG version of the STI Combat Master stands out for the quality of its finishes and its high-end positioning.

An airsoft replica inspired by an iconic model

The **STI Combat Master** is a CO2 airsoft replica renowned for its design inspired by an iconic action movie pistol.
