CA6511	PCP air rifle Aselkon MX10 Regulator Jet Black Cal .22 19J	D	.22 (5.5 mm)	12	19	1/2 x 20 UNF	55	85	665.00 € incl. tax

A formidable precision for an unbeatable price in an ultra short configuration with its thumbhole stock

The PCP MX10 air rifle is a bullpup type air rifle with a synthetic high density polymer stock with a thumbhole. Despite its extremely compact size, this PCP rifle offers a 450mm barrel.

2 pressure gauges are present on the rifle in order to precisely follow the air pressure present in the 275 cc tank (200 bars maximum) and the pressure contained in the regulator. The latter ensures shots at constant pressure, which has the effect of greatly improving the regularity of shots, and therefore precision.

- Caliber 5.5mm / Cal .22 air operated
- DIN fill pin compatible with PCP A73411 pumps
- Relaxation: adjustable positioning (non-contractual photo)
- DIN 1/8 NTP adapter included
- Rifle delivered in a rigid case in the colors of the brand
- 2 x 12-shot magazines included
- 1 pouch of O-rings to stop any leaks included
- 1/2 x 20 UNF male thread for silencer
- 11 mm prismatic mounting rail for scope or red dot (non-contractual photo)
- Rubber comfort pad
- Step by step
- Autonomy: 70 shots with 1 air refill (approximately)

Glasses not included
