To fire 40mm gas airsoft grenades!

Inspired by the famous Soviet rocket launcher, this **RPG-7 airsoft gun** combines a faithful design with a robust, **full-metal** and **textured wood** construction, offering an authentic visual appearance without compromising on durability. Designed to accommodate **40mm airsoft grenades** (not included), it's ideal for adding a touch of tactical power to your game scenarios.

- **Materials** : Full metal & wood
- **Length** : 950 mm (1350 mm with dummy ogive)
- **Weight** : Approximately 4.45 kg
- **Compatibility** : 40mm airsoft grenades (not included)
- **Capacity**: Depends on the grenade used
- **Firing system** : Manual via internal grenade (propulsion not included)
- **Sights** : Adjustable and foldable
- **Uses** : Decorative, cosplay, milsim, scenario-based immersion

The **RPG-7 airsoft gun** is a decorative and functional replica, designed for those seeking a **strong visual impact** during gameplay. Its **all-metal** construction ensures excellent durability, while the **wooden** elements provide a refined finish.

With its **flip-up sights**, **impressive size**, and **realistic weight**, this replica is perfect for passionate gamers, milsim enthusiasts, or discerning cosplayers. Whether in-game or on display, it commands attention on the field or in a showcase.

Easy to handle despite its size, it allows the use of **40mm airsoft grenades** with gas, CO2 or spring depending on the compatible model.

Ideal for role-playing games, reenactments or scenarios inspired by modern and historical conflicts.
