Program your NGRS AEG via your iOS or Android smartphone

The Leviathan Optical is the most advanced programmable electronic trigger (ETU) on the market. It works using optical sensors.

This system adds numerous options to your AEG NGRS replica:

- programmable firing mode (including semi, burst 2-20 shots, burst, etc.), firing rate (which can be reduced by 40%), active breaking, battery protection mosfet, pre-coking,
- Programming the replica via an iOS or Android application
- System fully integrated into the gearbox
- Complete system wired backwards (towards the stock) with mini fuse and T-Dean battery connector (no soldering required)
- Use with Lipo 2S to 4S and Life 3S-4S batteries
- Sold without CNC trigger

NGRS range compatible only
