STATUS gun-mounted computer is one of the most innovative airsoft accessories ever made

Get **full data in real-time directly from the STATUS screen** to reinforce your tactical decisions and get the confidence and the advantage necessary to win. **No more surprises** with an **empty magazine** or a **discharged battery**. Take aim with precision thanks to the replica's **angle indicator**. Just connect your TITAN or ASTER Electronic Trigger Units via Blu-Link and use complete data as well as dozens of functions at your fingertips.

This sophisticated device mounted directly to standard RIS rails is equipped with an OLED display protected by **polycarbonate glass covered with 3mk FlexibleGlass™**. Together with its water and dust resistant CNC aircraft grade aluminum body **IP68** certified and meeting **MIL-STD-810H*** standards, it's designed to operate even in challenging conditions.

STATUS connected with Blu-Link and GATE ETU
