The Warhead Aeg Brushless motor is the ultimate upgrade for you aeg.

Operating voltage - 7.2v - 11.4v (2 to 3 cell lithium polymer battery)

Brushless DC motors have no brushes to get worn out, they represent a huge leap forward in technology. Brushless output significantly higher efficiency and performance, and have a lower susceptibility to mechanical wear than their brushed counterparts.

Specification:

- 7075 Aluminium high quality casing
- Total custom in-runner design with maximum power and torque
- High temeprature resistant quality copper windings
- High quality magnets
- Internal ESC with over amp draw and low voltage cut off to protect the motor and battery.
- High Precision CNC design
- High quality D-cut removable pinion gear for easy switch outs

RPM Information:

20,000RPM at 7.4v - 30,000 RPM at 11.1v
