Replica available with or without red dot

Compared to standard VORKS Hi-Capas, the PRO series features a compact 3.8 slide, magwell, a BDS red dot (red-dot included on this model).

The slide design is also new with cutouts on the front of it. A common feature of the Vorsk Hi-Capas is the addition of a flash hider, and its 12mm (CW) to 14mm (CCW) adapter.

This new PRO series is based on the Hi-capa 3.8

- CNC finish custom cut metal slide
