The BOLLE Combat is the latest generation of hybrid ballistic glasses intended for the military, firefighter or member of the police.

Supplied as a kit with its interchangeable screens, its covers and its braid, these versatile glasses adapt to the different types of missions on which the user will be engaged (Firing session, OPEX, Maintaining order, motorcycle unit, etc.)

Its level of ballistic protection, certified STANAG 4296, EN170 and EN172, provides all the security necessary to protect against splinters, fragments, projectiles and falls.

These protection standards also ensure product durability over time, with anti-fog and scratch protection, as well as material resistance against prolonged exposure to sunlight and UV rays.

- Frame material: NYLON / PC / TPR
- Lens material: Polycarbonate
- Braid material: Nylon Polyester
- ATEX certification: 21ES1011
- ATEX Dangerous area / Atmosphere group: ATEX IIA, IIB, IIC, IIIA, IIIB, IIIC, AREA 1, 2, 20, 21, 22
