### Pack arbalète à poulie complet pour la chasse ou le tir de loisir.

THE ALL-NEW HYPER RAPTOR combines advanced technologies from Barnett to create the perfect hunting machine (According to local regulations).

- Super compact composite bow.
- High energy pulleys.

Delivered with 4x36 scope + stock quiver + 3 HypertFlite 20" arrows + 1 tube of rope wax.

THE ALL-NEW HYPER RAPTOR combines advanced technologies from Barnett to create nature's perfect hunting machine. As a new member of Barnett's A HyperFlite™ family, the Hyper Raptor offers unparalleled lethal performance. With these advancements, the Raptor sends a 20-inch small-diameter HyperFlite™ stroke at a blazing 410 fps. and offers 142 lb-ft. of kinetics energy for maximum bone crush penetration.

The Raptor's compact design is ideal for any hunting situation. Weighing in 7.1 lbs. and sporting a width of just 7.25" axle-to-axle when cocked, the crossbow is as nimble as its namesake. Featuring brand new exclusive customization riser stepper with Raptor limbs and Infinity cams, TriggerTech trigger, and Barnett's Soft-Lok bristle retention system, the Hyper Raptor provides exceptional precision, shot after shot. Pivoting limb pockets provide a durability while the new Halo system eliminates cable crossing and cam tilt create perfectly balanced string travel for superior accuracy.

The Hyper Raptor is hunt-ready with a Premium 4x36 illuminated scope, 3 HyperFlite™ arrows, matching premium side-mount quiver and sled Rope arming device (RDC). Universal design for filming the included HyperFlite™ standard diameter lunar nock arrows or arrows. The new Barnett Rope Hold Roller

Ball technology keeps the RCD rope in place when attaching hooks to the rope for more regular armament. Take to the skies with the Barnett Hyper Raptor.

- Halo system (patents and patents pending)
- Rope Hold Roller Ball Technology (patent pending)
