Maximum power and precision for big game hunting.

The **BARNETT Explorer XP385** is a powerful and compact crossbow, designed for recreational and precision shooting (or hunting depending on local regulations).

- **Speed:** 385 FPS
- **Power:** 185 lbs
- **Kinetic energy:** 122 ft-lbs
- **Weight:** 2.7 kg (6 lbs)
- **Power stroke:** 35 cm (13.8")
- **Length:** 90 to 96.5 cm (35.5" to 38")
- **Width center to center:** 33 cm (13") army.
- **Relaxation:** TriggerTech

Power and efficiency for hunting

With a speed of **385 FPS**, the **Explorer XP385** delivers significant energy, suitable for demanding shots. In the field, this power translates into a flat trajectory and excellent impact.

Ultra-precise TriggerTech trigger

The **TriggerTech** system with reduced friction technology offers a crisp trigger pull, free from unwanted travel. The difference is immediate: a cleaner, more controlled, and therefore more accurate shot.

Enhanced safety and reliable design

Equipped with an **Anti-Dry Fire** system and line sensors, it ensures safe operation every time. The ambidextrous design allows for intuitive handling for all users.

Adjustable ergonomics and ease of use

The 5-position adjustable stock allows for perfect length adjustment. The **pass-through foregrip** improves stability, while the compact design facilitates transport.

Modern and scalable platform

Integrated **Picatinny rails** allow for the addition of accessories. Compatible with a crank cocking system, it adapts to each user's preferences.

Box contents
