Internal dimensions: 37.5 x 28 x 13 cm

Black polypropylene case with code lock on the left lock (three-digit combination).

- Interior: honeycomb foam
- Ability to store two handguns (revolver or pistol)

Putting the individual code:

1. Factory code is: 0-0-0
2. To change the combination, the lock must be opened
3. First push the coding button with a pin (this is located under the lock) to the left against the spring pressure and then turn down until it engages.
4. Enter the desired code
5. Return the coding button to its original location
6. The new code is placed.

Open and close:

To open as to close, the exact code must be entered. The lock has a zero stop. The wheels only turn in the direction 0 to 1 and not o to 9. So the combination can even be done in the dark.

ATTENTION ! Scabbards and cases are designed for transporting your weapons, not for storage. If you store your weapon there, you risk deterioration of the tan or nickel plating.
