- Impact correction per click: 1/10 Mrad
- Maximum caliber: .338
- Japanese lentils
- Multi-layer treatment with anti-scratch resistance
- IP67 standard: waterproof, anti-fog and shock resistant

The SIGHTMARK Pinnacle is an LPVO (Light power variable Optic) scope with high-end components. It is made in JAPAN with Japanese lenses offering exceptional optical quality.

Perfectly suited to AR platforms, it is equipped with a BDC type reticle calibrated for 5.56x45 mm 55 gr and 7.62x51 mm 180gr ammunition, allowing easy shooting corrections. Its illuminated reticle, configurable on 5 levels in red or green, adapts to all light conditions, providing visual comfort to the shooter.

Its versatility allows it to acquire targets quickly at short distances and to take shots at longer distances with precision.
