- **Field at 1000 m:** 84 m
- **Eye relief:** 27 mm
- **Minimum focusing distance:** ? 10 m
- **Prism:** BaK4
- **Treatment:** multilayer
- **Finish:** rubberized, shockproof, waterproof
- **Accessories:** protective cover, mounting screws

A 9x magnification for medium-range shooting

With its **fixed 9x magnification** and **63mm objective lens** , this scope provides **excellent brightness** at dusk and dawn, typical conditions for waterfowl hunting. It offers the perfect balance between magnification power and a comfortable field of view.

Special engraved reticle for hut

The integrated reticle is designed for duck hunting: **an open, unobstructed shape** with **two markings specifically** for users of **side-by-side shotguns** (left barrel/right barrel). An innovative solution for intuitive aiming at moving targets.

Multi-coated optics - BaK4 prism

Optical quality is ensured by **multi-layer coating** on all lenses, combined with a **BaK4 prism** for faithful contrast reproduction and remarkable sharpness. Ideal for detecting silhouettes against vegetation.

Shockproof construction and heavy-duty use

The scope body is **rubber-coated** for shock and winter handling resistance. It is also **waterproof** for use in wet conditions such as marshes or coastal areas. The **soft eyecup** ensures comfortable viewing, even during extended use.

Anti-recoil rail mounting

Supplied with a **screw kit** , this scope can be installed on compatible supports via a shock absorber mount (not included), essential for a reliable attachment on **side-by-side, over-and-under or semi-automatic shotguns** .

FAQ

Is this scope suitable for side-by-side shotguns?

Yes, the engraved reticle has two markers designed for precise aiming with a side-by-side shotgun, of the 12-gauge type.

Can it be installed on a semi-automatic?

Yes, provided that a shock absorber mount compatible with the rail provided on the weapon is used.

Is the scope waterproof?

Yes, it benefits from a waterproof construction ideal for humid environments (marsh, hut, etc.).
