Designed to improve the handling of your M4 / AR15 airsoft replicas.

The BCM Airsoft Gunfighter Model 2 Grip is designed to provide a significant improvement in handling and functionality for users of the M4 series airsoft rifles, specifically tailored to the Gas Blow Back (GBB) Rifle models. Manufactured with attention to quality and durability, this grip is constructed of high-strength polymer, ensuring increased longevity even in the most demanding conditions.

Main Features:

- **Sturdy Construction:** The handle is made of high quality polymer, providing exceptional strength and durability. This construction ensures that the handle can withstand the rigors of heavy use without compromising its structure or functionality.
- **Anti-Slip Texture:** Special attention has been paid to the design of the handle texture, with a non-slip surface that ensures a secure and comfortable grip. This feature is crucial for maintaining control of the rifle in varied conditions, allowing users to fully concentrate on their performance without fear of losing their grip.
- **Built-in Storage:** The handle incorporates convenient storage space inside, providing users with a secure place to store small accessories or essential tools. This feature increases the versatility of the grip, allowing users to maximize their efficiency in the field.
- **Compatibility:** Designed specifically for the M4 Series Gas Blow Back GBB Rifle airsoft rifles, this grip fits perfectly, ensuring seamless integration and a notable improvement in handling and comfort of use.
