PU18468	COWCOW AAP01 AUTO SEAR SPRING 200%	Vente libre	2.00 € incl. tax

The CowCow Sear Spring 200% for AAP01 is an essential upgrade part for all AAP01 pistol owners wanting to improve the responsiveness and reliability of their trigger.

Precision engineered and made from high quality materials, this trigger spring provides 200% increased tension over standard springs, allowing for faster trigger reset and improved shooting feel.

Key Features:

- **Compatibility:** Specifically designed for the AAP01 gun.
- **Improved Performance:** Increases tension by 200% compared to the standard spring, for increased responsiveness and reliability.
- **High Quality Materials:** Made of high quality steel for optimal durability and performance.
- **Easy Installation:** Designed for quick and easy installation, without requiring permanent modifications to your gun.

Benefits:

- **Trigger Responsiveness:** Significantly improves trigger responsiveness for faster, more accurate shooting.
- **Increased Durability:** The superior quality of materials ensures a long life of the spring, even under the most demanding conditions of use.
- **Consistent Performance:** Ensures consistent performance of the trigger mechanism, improving the overall shooting experience.
- **Easy Installation and Maintenance:** Easy to install and maintain, this spring is ideal for shooters of all levels.

Technical specifications:

- Material: High strength steel
- Tension: 200% higher than standard springs
- Compatibility: Exclusively for AAP01

Installation Instructions:

Disassemble the rear part of your AAP01 according to the manufacturer's instructions.

Remove the standard trigger spring and replace it with the CowCow Sear Spring 200%. Reassemble your gun and perform a safe function test.

Recommendations: For best results, we recommend using this spring in combination with other CowCow upgrade parts, helping to optimize the performance and reliability of your AAP01.
