T1 fiber optic front sight for Hi capa

Features:

- Aluminum sight with ultra-light machined design
- CNC "Parabolic Sight" Design to Brighten Fiber Optic Sight
- Perfect point design for faster, more accurate sight alignment
- Socket set screws can hold the sight on the slide much firmly
- 2mm real fiber optical rods, much brighter than acrylic rods
- Included real 2mm optical fiber rods (red*1, green*1)
- For Hi-CAPA TM

*PS: Please note: Parts installation/assembly/assembly of airsoft gun will require intermediate knowledge; for expert gunsmith or airsoft. Please refer to your airsoft gunsmith for correct installation/assembly. Adjustment may be necessary as the condition of each airsoft gun may be different. Regular maintenance is necessary for all airsoft weapons to keep them in good working order and to reduce problems with wear and tear on parts. Socket set screws require low strength thread locking glue to secure.
