A pack of 2 IP67 waterproof radios.

For all your outdoor activities, the Albrecht Tectalk Float 2 is the perfect solution. This state-of-the-art PMR-446 walkie-talkie, which is completely waterproof and floatable, is IP67 rated, guaranteeing water resistance up to 1 meter deep for up to 30 minutes, provided the connector cover is securely closed.

The Tectalk Float 2, designed for both professional and recreational use, stands out for its robust and quality design. In the event of a fall in the water, it floats easily, allowing easy recovery to accompany your sea trips or aquatic activities. Range: up to 10km without obstacles.

Equipped with an integrated white LED flashlight, the Albrecht Tectalk 2 can be activated with the push of a button or triggered automatically upon contact with water.
