A versatile and effective replica

The **KJ Works KP17** stands out as a solid choice for players seeking a reliable and well-balanced replica. Neither too compact nor too bulky, it offers excellent maneuverability on the field, whether in CQB or outdoors.

Dynamic blowback and realistic sensations

Thanks to its **blowback** system, the metal slide recoils with each shot, providing an immersive feel and a smooth cycle. The recoil is well-controlled, allowing for rapid-fire action while maintaining good control.

Adjustable accuracy with adjustable hop-up

The **adjustable hop-up** allows you to fine-tune the trajectory of the BBs according to their weight. In practice, this translates to better range and consistent accuracy - a real plus for demanding players.

Modern ergonomics and modularity

Its polymer frame ensures a comfortable grip and reduces overall weight. The **Picatinny** rail under the barrel allows for easy attachment of a light or laser. Available in black or tan, it integrates easily with various gear styles.

A reliable choice for all profiles

- **Use:** Versatile, CQB and outdoor
- **Transport:** Compatible with Glock type holsters
- **Structure:** Good balance between strength and lightness
