## Ultra-responsive full metal CO2 replica, inspired by cinema and sport shooting.

The **ASG STI Pit Viper airsoft pistol** is a CO2 blowback replica licensed **by STI International** , designed for competition and dynamic play, with premium finishes and striking aesthetics.

- **Energy:** 1 Joule
- **Propulsion:** CO2
- **Caliber:** 6 mm
- **Capacity:** 24 marbles
- **Hop-up:** adjustable
- **Body:** Full metal (FMV)
- **Relaxation:** skeleton
- **Barrel length:** 90 mm
- **Speed:** 100 m/s (? 328 fps)
- **Weight:** 1125 g
- **Magazine:** ref. 19577 (Combat Master compatible)

### Striking aesthetics and high-end construction

The **Pit Viper** replica boasts an instantly recognizable silhouette: **integrated compensator** , **gold-plated barrel** , **ribbed slide** , and **skeleton trigger** . Every detail has been designed to combine visual aggression with on-field effectiveness. The **flared magwell** and fixed fiber optic sights enhance ergonomics for both sporting and tactical use.

### Performance, responsiveness and precision

With **CO2 propulsion** and a crisp blowback system, each shot generates a sharp recoil and a realistic feel. The adjustable hop-up allows for optimal use of 0.25g to 0.30g BBs. Thanks to its full metal chassis and enlarged controls (slide stop, magazine release button), handling is quick and

intuitive.

**A replica born for speed**

Inspired by the competitive IPSC scene and action films in the vein of the **John Wick** saga, the **Pit Viper** meets the expectations of speedsofters and CQB players. It is compatible with Combat Master magazines for greater versatility, and an extended version (30 rounds) is available as an option.

**Secondary characteristics**

- **Type:** CO2 blowback semi-auto pistol
- **Double action:** yes
- **Compensator:** integrated
- **Picatinny rail:** present under the barrel
- **Safety:** Ambidextrous + Beavertail
- **Height:** 45 mm - **Length:** 185 mm

**FAQ**

**Is the Pit Viper replica compatible with Combat Master magazines?**

Yes, it is backward compatible with the standard and extended magazines of the STI Combat Master model.

**Can the Pit Viper be used in CQB games?**

Yes, its balanced format, responsive blowback and accuracy make it an excellent option for CQB and speedsoft.

**Which marbles do you recommend?**

Balls weighing 0.25g to 0.30g are ideal for harnessing the power of 1 Joule with precision and consistency.
