- Beam distance: 250 m
- Battery: 1 Li-ion battery 143036/1,500 mAh (**rechargeable via USB-c cable included**)
- Housing material: aluminum alloy
- Waterproofing: IPX5
- Shock resistance: 1 m
- Dimensions: 735.6 x 38.8 x 90.7 mm
- Net weight: 132 g (with battery)

1) High quality LED light chip supports the brightness of the gun light up to 800 lumens.

2) Internal penetrating laser: allows precise targeting and is clearly visible day or night. The laser is adjusted using the hex key included in the package. Laser and white light can be turned on simultaneously.

3) Single hole adjustable rail clip: 2cm-2.2cm. can be adjusted with the micro screwdriver included in the package.

4) Usage:

1. Front rotary switch:

-green laser (left)

-white light + green laser (middle)

-white light (right)

2. CONSTANT ON press the rotary switch all the way to the right.

3. CONSTANT STROBE: Press right twice quickly to turn on the instant strobe, then fully depress the rotary switch to lock the strobe.

4. MOMENTARY ON: Press the rotary switch to the left.

5. MOMENTARY STROBE: Press the rotary switch to the left twice.
