## The Macavity Arms M2 is a PCP (Pre-Charged Pneumatic) air rifle designed to deliver exceptional performance in accuracy and power.

Designed for efficiency and accuracy, the MA2 combines a lightweight design with an AR-style tactical design, ensuring excellent performance with every shot. Perfect for target shooting, this entry-level rifle delivers accuracy that exceeds expectations.

- Internally adjustable regulator
- Rifled, tensioned and shrouded barrel system
- Adjustable hammer spring
- Quick and easy to operate side lever
- Two-level adjustable relaxation
- Two gauges for tank pressure and regulator pressure
- Self-indexing rotary magazine (metal version available)
- Picatinny optical rail
- Foster Male Quick Disconnect Fill Port
- Canon with sound moderator
- Comes with 3 chargers

### Precision and Power

The MA2 sets a new standard for accuracy, capable of achieving one minute of angle (MOA) at 50 yards, or a 0.5-inch center-to-center grouping. This performance is ideal for shooting competitions or hunting sessions requiring high precision.

### Optimal Efficiency

Thanks to an advanced pneumatic design, the MA2 offers remarkable air efficiency, allowing a high number of shots per fill. This ensures extended shooting sessions, maximizing your time in the field or at the shooting range.

### Personalization and Comfort

Equipped with an AR-15 style stock and grip, the MA2 offers a wide range of customization options. This sleek, modern design allows shooters to tailor the rifle to their personal preferences,

improving comfort and handling.
