A60261	Hop-up block TDC magnus pro CHAMBER TDC for GHK GLOCK GEN5	Vente libre	69.00 € incl. tax

Magnus Pro TDC Hop Up Block

Constructed from durable, precision-machined aluminum, the Magnus Pro Hop-Up Chamber features true Top-Dead-Center (TDC) vertical movement.

This means that no matter what your hop-up setting is, the pressure point remains in the same position for more consistent results.

The O-ring mounted grub screw directly below the block provides precise and stable adjustments.

This adjustment screw is directly accessible when the cylinder head is removed.

The closed adjustment ring system ensures precise adjustment and prevents misalignment.

Compatible Glock GHK gen 5
