Secure Arrow Hold

With its capture brush system, the Maximal Capture Brush TP812 arrow rest holds the arrow firmly in place, eliminating unwanted movement when cocking and shooting. This design ensures a smooth release of the arrow, contributing to increased accuracy.

Versatility Ambidextrous

Designed for use by both right and left handed archers, this arrow rest offers maximum flexibility. Its ambidextrous design allows for simple installation and easy adaptation to different types of bows.

Robust and Durable Construction

Made with a high-quality aluminum frame and durable nylon brushes, the TP812 is designed to withstand heavy use. Its durability ensures consistent performance, even under demanding shooting conditions.

Precise Adjustments

The arrow rest offers horizontal and vertical adjustments, allowing archers to precisely adjust the position of the arrow for optimal alignment. This customization helps improve accuracy and consistency of shots.

Easy Installation

With the included mounting screws, installing the arrow rest is quick and easy. Archers can easily mount the TP812 to their bow and make necessary adjustments without specialized tools.
