The Maximal Level 5 Hunting Stabilizer is designed to provide increased stability and significant vibration reduction during your shooting sessions.

Made from CNC machined aluminum, it ensures **exceptional durability** while maintaining a light weight. With a length of 5 inches, it is ideal for archers looking for a perfect balance between **compactness** and **efficiency** .

- **Brand** : Maximal
- **Model** : Level 5
- **Length** : 5 inches (approx. 12.7 cm)
- **Weight** : 5.3 ounces (approximately 150 grams)
- **Material** : CNC machined aluminum
- **Color** : Black
- **Compatibility** : Hunting bows and 3D bows

CNC Machined Aluminum Construction

The Maximal Level 5 stabilizer is made of **CNC machined aluminum** , providing a robust and lightweight structure. This construction ensures **increased longevity** and **optimal resistance** to outdoor conditions, essential for hunting and 3D shooting.

Effective Vibration Reduction

Thanks to its innovative design, this stabilizer **significantly reduces the vibrations** generated during shooting, thus improving the **comfort** and **precision** of the archer. The reduction of vibrations also helps to preserve the integrity of the bow in the long term.

Compact and Lightweight Design

At 5 inches long and weighing 5.3 ounces, the Level 5 provides **optimum stability** without adding bulk to the bow. Its compact design is ideal for archers looking for **easy handling** and increased **portability** , especially when traveling to the hunting grounds.

Universal Compatibility

The stabilizer is compatible with most **hunting bows** and **3D bows** , offering significant **versatility** for archers of all levels. Its installation is simple and quick, allowing for effortless set-up.
