Maximal Blackrazor 100g fixed-blade broadheads are designed for archers who demand superior performance. Made from a single-piece steel, these broadheads offer exceptional strength and razor-sharp blades for a clean cut on contact.

One-piece stainless steel design

Maximal Blackrazor broadheads are made from a single-piece stainless steel, providing increased durability and strength. This design eliminates common problems with detachable blades, ensuring reliable performance every time.

Razor Sharp Blades

Equipped with precision-ground blades, these tips ensure a clean and efficient cut upon impact, improving penetration performance and reducing the risk of deflection.

Universal Compatibility

Featuring standard threading, Blackrazor 100 grain broadheads are compatible with most screw-in arrows, providing great versatility for different bow types and hunting setups.
