- **Operation:** Gas Blowback (GBB)
- **Firing modes:** safe / semi-auto / full auto
- **Velocity:** 300 - 330 FPS (0.20g BBs)
- **Magazine capacity:** 24 BBs
- **Internal barrel:** 130 mm
- **Total length:** 254 mm
- **Color:** Black
- **Delivered in a briefcase.**
- **Compatibility:** AAP01 Action Army accessories

The Tandemkross CTHULHU is designed for practitioners looking for a versatile GBB replica: maneuverability in CQB, stability in medium engagement and upgrade possibilities compatible with AAP01.

Its black design, CNC components and fiber optic sights make it an immediately operational and enjoyable replica to use.

Performance and realism

With a claimed velocity of **300 to 330 FPS** using 0.20g BBs, the CTHULHU offers consistent power for short to medium-range engagements. The **gas blowback** system delivers a crisp recoil and realistic feel, enhanced by the **Game Changer Pro compensator** which reduces muzzle rise and

stabilizes the shot.

Ergonomics and handling

The **Tandemkross Hivegrip** and CNC-machined thumb rest ensure a firm and natural grip. The skeleton trigger offers a crisp and responsive pull, ideal for semi-automatic or burst fire. The controls (selector, ejection) have been designed for quick operation, even while wearing gloves.

Precision and aiming

Eagle Eye fiber optic sights make target acquisition easier in low light. The **adjustable hop-up** allows you to adjust the trajectory according to the BB weight and distance, offering versatility and control.

Maintenance and compatibility

Constructed from **reinforced polymer** to limit internal gas corrosion, and compatible with the **Action Army AAP01** platform for upgrades and accessories. The 24-round magazine is easily handled and transported in the included carrying case.

FAQ

Does this replica comply with European regulations?
The stated velocity is provided by the manufacturer; local compliance depends on the setting and applicable law. The user is responsible for verifying the regulations applicable in their country.

Is the pistol compatible with Action Army AAP01 parts?
Yes, the replica is advertised as AAP01 compatible, allowing for expanded upgrade and accessory options.

What type of maintenance is required for a GBB?
Regular cleaning, lubrication of seals, and venting of gas during prolonged storage. Use high-quality balls and gas to maintain sealing and performance.

Can this model be used in CQB?
Yes: compact dimensions, good handling and firing modes suitable for CQB, provided that the power allowed on the playing site is respected.

What does the provided case contain?
The replica, a 24 BB magazine and standard protective/transport items.
