Tandemkross licensed GBB airsoft pistol: assertive style, optimized ergonomics and smooth shooting in semi or full auto.

Lancer Tactical presents **the Tandemkross Cthulhu GBB replica** in its black and silver version. A semi/full-auto gas pistol designed for performance and comfort, with a licensed design faithful to the original.

- **Brand:** licensed by Tandemkross
- **Construction:** reinforced polymer
- **Operation:** Gas Blowback (GBB)
- **Modes:** safe / semi-auto / full-auto
- **Velocity:** 300-330 FPS (0.20 g)
- **Magazine capacity:** 24 BBs
- **Colour:** black / silver
- **Internal barrel:** 130 mm
- **Total length:** 254 mm
- **Included:** hard case
- **Compatibility:** AAP01 Action Army

The **Black/Silver Cthulhu** is a **Tandemkross licensed GBB** replica that combines elegance, innovation, and realistic shooting sensations. Its reinforced polymer construction ensures lightness and durability, while its CNC-machined components offer superior shooting comfort.

Equipped with the renowned **Game Changer Pro Squared compensator** , this model reduces moving mass and improves shooting stability. The **Hivegrip Tandemkross** ensures a firm grip, even with gloves, and the CNC-machined thumb rest provides natural support for precise recoil control.

Ergonomics & performance

The CTHULHU incorporates features from modern competition pistols: **a skeletonized trigger** for a quick response, **responsive blowback** for a realistic feel, and **a full-auto selector** for added versatility. It also features a **Halo loading ring** for easier handling and **Eagle Eye** fiber optic sights (adjustable front/rear) for rapid target acquisition.

Compatibility & configuration

The replica is **AAP01/Action Army compatible** , allowing the use of a wide range of existing custom parts and upgrades. Its **adjustable hop-up** and 130mm barrel offer a good balance between accuracy and range, ideal for dynamic shooting or CQB.

Interview & recommendations

Use **Green Gas** or a suitable GBB gas for consistent performance. Clean the barrel regularly, lightly lubricate the seals, and inspect wear parts after heavy use. To ensure longevity, avoid prolonged exposure to extreme temperatures.

FAQ

What firing modes are available?
The CTHULHU offers three modes: **Safe** , **Semi-auto** and **Full-auto** , selectable via the side selector.

Is the replica compatible with the AAP01 platform?
Yes, compatibility is confirmed with the **AAP01 / Action Army base** , allowing the use of magazines and internal parts of the same standard.

What is the role of the Squared Game Changer Pro compensator?
It reduces bolt rise, improves stability and provides a style recognizable at first glance.

What CNC-machined components are integrated into the replica?
The **thumb rest** , **skeleton trigger** and **compensator** are CNC machined to ensure robustness and precision assembly.

What are the characteristics of Eagle Eye sights?
The front and rear sights are equipped with adjustable **fiber optics** , allowing for clear and rapid aiming even in low light.
