Features

- Lightweight CNC aluminum vented slide with an injection molded polymer lower frame that provides the perfect mix of realism and rugged reliability
- Compatible with Tokyo Marui Hi-Capa 4.3 parts which opens the door for more customization with the wide range of aftermarket parts
- Hex cutouts on the rear of the slide provides ample grip when racking as well as providing a unque look
- Realistic blowback action with a smooth sliding slide that is crisp and snappy
- Front and rear combat style integrated fiber optic iron sights that helps with better target acquisition even in low light environments
- Flared magazine magwell that facilitates quicker and easier reloading
- Skeletonized competition style trigger provides a lightweight and smooth trigger pull
- Ambidextrous safety lever with a functional grip safety beaver tail that you'd expect from most Hi-Capas on the market

- Integrated lower accessory rail that allows for attaching lights, lasers, and other tactical accessories
- Included hard pistol case
