A CO2 replica inspired by a compact bestseller

Based on the **Springfield Hellcat** , this CO2 replica retains the modern and compact aesthetics of the real model. Its metal slide, realistic markings, and unique serial number enhance the immersion from the moment you pick it up. Its size is ideal for dynamic recreational shooting or technical training.

Shooting comfort and responsiveness

Thanks to its **CO2 propulsion** and **blowback** system, each shot delivers a crisp and satisfying recoil. The adjustable hop-up allows you to adapt the trajectory according to the BB weight used

(0.20g to 0.28g recommended), and the semi-automatic trigger ensures a smooth firing rate.

Intelligent and functional design

The **ergonomic handle** ensures a secure and stable grip. The **lower Picatinny rail** allows for the addition of an accessory (lamp, laser). The integrated Allen key is a welcome feature for easy insertion of the CO2 cartridge into the magazine.
