The **Drake MK3 tactical vest** from **Corso Tactical** is a benchmark for players wishing to recreate operator or special forces type outfits with **functional and immersive equipment**.

It features a full-surface **laser-cut MOLLE system**, allowing you to attach pouches and accessories to suit your loadout. Its **integrated triple M4 front pouch** gives you immediate access to your magazines during rapid firefights.

The **removable front panel** allows for quick configuration switching (MP5, M4, or utility panel magazine holders). Its compatibility with **MK2 to MK5** vests makes it a scalable base for regular players.

Included with **EVA dummy plates**, it offers realistic support without unnecessarily weighing down your equipment. And thanks to the **loops for camelbak or radio cables**, you can even integrate a complete com' or hydration setup.

With its **openwork side cummerbunds** and **adjustable padded shoulder straps**, the Drake MK3 is comfortable, stable and stays in place while you travel.

Available in **Multicam Black** , **Multicam** , **Ranger Green** , **Coyote** and **Black** , it adapts to all gaming environments: CQB, forest, urban.
