**Optimize the handling of your replica with the Crossbones 1 Point MK2 sling, combining comfort and speed of action.**

**The Corso Tactical Crossbones 1 Point MK2 Tactical Sling** Its single-point

- **Main Material**High quality nylon
- **Attachment**Single-point system for increased mobility
- **Integrated elastics**Absorption of movements for optimal comfort
- **Clips**High-strength polymer for rapid extraction
- **Carabiner**Heavy-duty steel for secure attachment
- **Adjustability**Adjustable length to fit different replicas
- **Available colors**Multicam, OD Green, Coyote, Black

The **Crossbones 1 Point MK2 sling** is equipped with a **sturdy steel carabiner** , ensuring a secure attachment to your replica. The **two side clips** allow for quick release, making it easy to remove or attach the replica depending on tactical needs.

Made of **high-quality nylon** , this strap guarantees **exceptional strength** while maintaining an appreciable lightness. The **integrated elastics** absorb the replica's movements during movement, thus reducing fatigue and increasing comfort during prolonged use.

The **high-strength polymer clip** system ensures **rapid extraction** of the replica, providing increased responsiveness when needed. In addition, the strap is **adjustable in length** , thus adapting to various replica sizes and user preferences.

Designed to fit a variety of configurations, this strap is ideal for airsoft players looking for a reliable solution for carrying their airsoft gun. Its ergonomic design and quality materials make it an essential accessory for

improving performance in the field.

Available in **Multicam** , **OD Green** , **Coyote** and **Black** , the Crossbones 1 Point MK2 sling blends seamlessly with the rest of your tactical gear, providing aesthetic and functional consistency.
