A powerful and precise pack for demanding recreational shooting!

The Gamo G-Magnum 1250 pack is designed for shooters looking for **power, precision and comfort of use** . Delivered with a Gamo 3-9x40 WR scope and its mounting collars, it is ready to use as soon as it opens the box. Available in **4.5 mm caliber (36 J)** for **maximum firing speed** or in **5.5 mm caliber (45 J)** for **reinforced impact** , this model adapts to the needs of long-range recreational shooting enthusiasts.

A true concentrate of technology, the Gamo G-Magnum 1250 IGT excels in the segment of break-barrel air rifles. Whether you choose the **4.5 mm - 36 joules** version for **high projectile velocity** or the **5.5 mm - 45 joules** version for **increased impact energy** , this package meets the requirements of experienced shooters as well as enthusiasts looking for performance.

The **Whisper Maxxim system** integrated into the barrel effectively reduces noise, for a more discreet shot. The 3-9x40 scope provides clear aiming at medium and long ranges, making the pack particularly suitable for target shooting at over 40 meters.

The G-Magnum 1250 is an excellent compromise between **mechanical simplicity** and **modern technology** , without requiring an air bottle or compressor.

3-9x40 wr scope

Variable magnification up to x9 for long-distance shooting and x3 for closer shooting with an expanded field of view.
Top seller among Gamo glasses.
Top quality/price ratio, these scopes are best suited to the constraints imposed by the spring triggers of air rifles.
