Fire 10 shots without reloading with the 2nd generation 10X Quick Shot system!

The Gamo Viper Pro IGT 10X Gen2 is an innovative air rifle featuring a **10-round rotary magazine**, **fast, smooth shooting**

The Viper Pro IGT 10X Gen2 represents the evolution of Gamo air rifles: **faster, more comfortable, quieter**. Thanks to its rotating magazine, it allows you to fire 10 consecutive shots smoothly, a **rare feature on a tilt-barrel rifle**.

Equipped with the **IGT (Inert Gas Technology) system**, it replaces the classic spring with a gas cylinder, ensuring a **more consistent shot**, **less vibration**, and **increased longevity**. The barrel with **Whisper Fusion** sound moderator guarantees **optimal noise reduction**, perfect for sensitive environments.

Its ambidextrous and ergonomic synthetic stock, combined with the adjustable **CAT** trigger and the **SWA** butt plate, offers an excellent grip for all types of shooters.

Compact, modern and efficient, this rifle offers a complete solution for shooters seeking **uncompromising performance**. It is also equipped with fiber optic sights and a scope rail.
