The most widely used compact smoke grenade in Europe for airsoft, simulation, and signaling! The WP40-D is a more economical version due to its slightly shorter burn time compared to the WP40.

The WP40-D is a tactical version of our famous WP40 smoke grenade with a slightly shorter burn time, designed to be practical and economical.

Here are three key characteristics that distinguish it:

- **Duration of 60 seconds (+/- 20s)** for quick and efficient use.
- **Unpackaged:** eliminates waste and reduces costs without compromising quality.
- **Tactical design:** ideal for use on combat sports fields or in any other application where a box would slow you down.

The WP40-D Smoke is commonly used for Airsoft, Paintball, MilSim, photo shoots, amateur or professional filming, sporting events and survival purposes.

Features:

- **Model** : WP40D (Wire Pull)
- **Brand** : Enola Gaye
- **Smoke duration** : **~60 seconds** +/- 20s
- **Colors** : Purple / Green / Orange / Yellow
- **Triggering** : By wire pull pin
- **Dimensions** : 6 cm (diameter) x 14 cm (length)
- **Weight** : 150 g

- **Smoke** : Dense, colored, and non-toxic
- **Applications** : Airsoft, simulation, signage, photography, video

The **WP40** (Wire Pull 40) is designed for fast, reliable and efficient use.
Its compact size allows for easy transport in any tactical vest or bag, while ensuring a **constant and voluminous diffusion of smoke** .

Available in **four high-visibility colors** (Purple, Green, Orange, Yellow), it is ideal for tactical scenarios, area marking, visual signage or photo/video shoots.

Safety instructions

CAUTION: Hot gases, sparks, or ash may be emitted during ignition or operation. If you intend to handle the appliance while it is in operation, wear gloves and safety glasses. Otherwise, pull the cord to ignite the appliance, then immediately place it on a non-flammable surface, maintaining a safe distance of 2 meters. Follow all instructions and warnings on the product label. For outdoor use only.
