- **Photos are for illustrative purposes only (No striations on the silencer)**

A subcompact replica designed for CQB

The **SCW-9 PRO GBBR,** designed by **Maruyama** and manufactured by **VFC,** is built to excel in confined spaces. Its **compact size** and **light weight** make it a formidable companion for **close-quarters battle** enthusiasts.

Responsive blowback and increased realism

The **gas blowback** system delivers a **sharp recoil** and an **immersive experience** . Combined with meticulous finishing and robust materials, it provides a truly realistic feel, enhanced by the 45-round magazine **with visible dummy rounds** .

Ambidextrous and modular

The **SCW-9 PRO** is fully **ambidextrous** : the fire selector, magazine release, and bolt catch are accessible from both sides. Its **4-position telescoping stock** adjusts to all body types. The inclusion of **Picatinny** and **M-Lok** rails for attaching optics, lights, or grips is also a welcome feature.

Integrated silencer with extension

Supplied with an **integrated silencer under the handguard** , the SCW-9 PRO allows for a more discreet approach, and can be lengthened using the **included 155mm extension** to change the style and balance the replica as needed.

- **Function:** Adjustable Hop-Up
- **Firing modes:** Safe / Semi / Auto
- **Internal barrel length:** 120 mm
- **Rails:** Picatinny / M-Lok
- **Color:** Black

FAQ

Is the SCW-9 PRO suitable for indoor gaming?

Yes, its subcompact size and moderate power make it an ideal replica for **CQB** .

Can a different silencer be used than the original one?

No, the **silencer is integrated** under the handguard, but a 155mm extension is provided to extend the length.

Is it an ambidextrous replica?

Yes, the **SCW-9 PRO** offers ambidextrous access to the selector, bolt catch and magazine release button.
