Shine bright with every shot!

Acetech BRIGHTER C Titanium Rainbow Edition - Lightweight, responsive and elegantly enhanced

Designed for demanding gamers, the Acetech BRIGHTER C Titanium Rainbow Edition delivers top-tier performance with a sleek new look. Featuring a rainbow titanium shell, this enhanced marker not only expresses your individuality but also excels in real-world gaming situations. Its lightweight, switchless design and IP64 protection ensure fast activation and stable performance, whether indoors in CQB or on outdoor milsim fields.

Product highlights:

- No buttons - Shake to turn on - Special motion-sensing technology automatically turns on with a simple shake, eliminating problems associated with traditional switches like dust and water. Always ready in the heart of the action.
- Automatic sleep mode - Automatically switches off after 5 minutes of inactivity to save energy and extend usage time.
- IP64 dust and water resistance - Effectively blocks dust and splashes, making it suitable for various combat environments.
- Ultra-compact and lightweight - measuring only 57 mm x 28 mm, it offers complete mobility without hindering operation. Ideal for agile gamers.
- Versatile mounting options - Can be mounted directly as a standalone tracer on the muzzle or integrated into a dummy suppressor. Highly compatible.
- Thread type: 14 mm CCW (counter-clockwise) - Standard thread for quick and easy installation.

- Limited titanium rainbow finish - Enhances the overall look of your gear and allows you to stand out on the field with unparalleled style.

If you are looking for a high-performance plotter that combines functionality, protection and aesthetics, the Acetech BRIGHTER C Titanium Edition is for you.

Equip your airsoft replica now and shine with every shot!
