A64066	1913 rail for SCW-9 stock	Vente libre	21mm rail	81.00 € incl. tax

Optimize your SCW-9 with a robust buttstock that is perfectly suited to the terrain.

Designed for demanding users, this Maruyama buttstock incorporates a precise and durable MIL-STD-1913 rail to confidently equip your SCW-9 with rear accessories.

- **Dedicated Compatibility** : SCW-9 GBB, SCW-9 PRO, SCW-9 PRO-G and SCW-9 SD2.
- **MIL-STD-1913 rail** : solid assembly and perfect alignment.
- **Aluminium construction** : increased rigidity and excellent durability.
- **Made in Taiwan** : clean finish and mechanical reliability.
- **Stable installation** : secure hold, ideal for rear accessories.
- **Airsoft use only** : developed for Maruyama GBB platforms.

This buttstock with a **1913 rail** offers an effective solution for customizing your Maruyama SCW-9. Its aluminum construction ensures ideal rigidity while maintaining a low weight.

In practice, this provides a reliable anchor point for installing a 1913 stock or a rear accessory designed to enhance shooting ergonomics.

This butt plate enhances the modularity of your **SCW-9 GBB** thanks to its **MIL-STD-1913** rail. It is designed for players seeking a stable mount to optimize control, shoulder comfort, and handling during airsoft games.

FAQ

Is this buttstock compatible with SCW-9 PRO-G models?

Yes, it is fully compatible, whether you use a GLK-type or straight charger.

Can I mount a standard 1913 stock on it?

Yes, the rail conforms to MIL-STD-1913 specifications, allowing the installation of compatible accessories.

Does aluminium hold up well to repeated handling?

Yes, machined aluminum offers excellent durability and stable support.

Does the replica body need to be modified to install it?

No, the part is designed to fit SCW-9 models without structural modification.

Is this product compatible with the SPC-9?

No, it is not designed for the SPC-9 GBB platform.
