## Personalize your VMP-2 with a bolder, all-metal control kit.

The Vorsk Fire Mechanism Dress Kit allows you to optimize and personalize the controls of your VMP-2 GBB with a complete set of metal levers, buttons and selectors, available in five colors.

- **Designed for VMP-2 GBB** : precise fit and intuitive installation.
- **Metal construction** : crisp feel and excellent durability.
- **Complete package** : selectors, magazine button, stop, side controls.
- **Available in 5 colours** : Black, Blue, Red, Purple, Silver.
- **Ideal customization** : improves grip and ergonomics.
- **Airsoft use only** : dedicated to Vorsk GBB replicas.

This Vorsk metal control kit brings a real upgrade to the VMP-2. Each piece enhances control and improves the mechanical feel during operation.

By adding these improved controls, you get a more direct tactile feedback, ideal for users wishing to optimize their ergonomics without modifying the internal structure of their replica.

The **Vorsk Fire Mechanism Dress Kit** offers a complete set of external controls for the **VMP-2 GBB** , providing both aesthetic and functional customization. Designed for a secure fit, it improves handling and comfort during gameplay.

**Box contents**

- Metal control levers

- Ambidextrous selectors
- Charger release button
- Cylinder head stop
- Connecting parts and screws

**FAQ**

**Is this kit compatible with replicas other than the VMP-2?**

No, it is specifically designed for the VMP-2 GBB series.

**Do the parts improve the responsiveness of orders?**

Yes, the metal construction provides a more direct feedback and a better mechanical feel.

**Is an internal modification necessary?**

No, the parts fit directly as replacements for the original controls.

**Does the kit include all the necessary screws?**

Yes, the supplied components allow for a complete installation.

**Are the colors anodized or painted?**

Depending on the color, the finishes are treated to offer durability suitable for airsoft use.
