The VFC plum magazine, lightweight and reliable, designed to enhance your AK GBBR.

This VFC 42-round gas magazine with plumb bobs is designed for AKS-74U and AK74M GBBR replicas. Lightweight, robust, and perfectly fitted, it ensures consistent feeding and excellent firing accuracy, while retaining the renowned plumb bob finish of modern Russian magazines.

- **Direct compatibility** : VFC AKS-74U (AVS74U) and AK74M GBBR.
- **Capacity 42 marbles** : realistic and ideal size for a game.
- **Plum carcass** : aesthetics faithful to modern RS models.
- **Lightweight structure** : reinforced polymer with internal aluminum core.
- **Gas-powered operation** : improved regularity and crisp mechanical feel.
- **Dry-fire mode** : perfect for training and handling.

This VFC plum magazine stands out for its ideal balance of lightness, robustness, and visual fidelity. It features the characteristic look of Russian 5.45 magazines, with a sturdy polymer shell and an internal aluminum core to ensure smooth and consistent cycling.

In play, its natural handling and thermal stability make it a reliable choice for AKS-74U and AK74M users, whether they play in temperate or more demanding conditions.

Designed specifically for the **AKS-74U** and **AK74M GBBR** , this 42-round magazine features the iconic **plum** color scheme. Its meticulous construction ensures consistent feeding, increased durability, and operation perfectly suited to VFC gas mechanisms.

Box contents

- VFC AKS-74U / AK74M gas magazine - 42 rounds

FAQ

Is this magazine compatible with older VFC AK GBBR series?

Yes, it works with the AK74M and AKS-74U GBBR models of the brand.

Can propane be used with this charger?

Yes, by using a suitable adapter and silicone oil to preserve the seals.

Does the charger have a dry-fire mode?

Yes, practical for handling and training without marbles.

Does it withstand the cold well?

The polymer shell and aluminum core offer good stability, but like any gas charger, performance varies depending on ambient temperature.

Is the plum color scheme true to the RS models?

Yes, the color reflects the modern Russian plum style, which is very popular with AK enthusiasts.
